

I access K-Love in Oklahoma City and it serves me greatly as an uplifting, inspirational service, as well as beautiful Christian music. If replaced by another station my quality of life would be impaired greatly. K-Love DJs uplift me with their positive attitudes and the Christian music they play helps me think on God and gives me strength. Non-disruptive K-Love broadcasting is in the public interest because it is clean family listening, positive and encouraging. A station you can listen to without fear of your child hearing something inappropriate. God Bless!
